National Fire Equipment System Cache Memorandum No. 04-4

To: NFES National Incident Support Caches

From: Paul Naman, NFES Representative

Subject: NFES #2249, Fire Equipment Storage and Refurbishing Standards (2003),
PMS 448

The most current version of the NFES #2249, "Fire Equipment Storage and Refurbishing Standards", PMS 448 publication is now available, but only on the internet at www.nwccg.gov/pms/pubs/pubs.htm in a pdf format. An updated printed version of the NFES #2249 is not planned at this time. Printed versions of this publication may become available again in the future if the volume and frequency of revisions declines sufficiently to justify the effort.

Comments and recommendations for changes and/or additions to the contents of future editions of this publication are being solicited. Please address all correspondence related to the NFES #2249, or any related fire equipment storage and refurbishing issues or concerns, to Lyell Chittenden, Alaska Fire Service, at (907) 356-5742, or e-mail via: Lyell_Chittenden@ak.blm.gov.
